

Albany Park & Irving Park Special Service Area Security System Rebate Application *[updated September 2023]*

Program Mission

The Albany Park & Irving Park Special Service Area #60 (SSA#60) Security Camera Rebate Program enhances the security features of local businesses and creates a more enjoyable, safer experience for customers and the general public. North River Commission (NRC) is the sole service provider of SSA #60.

Eligible Applicants & Rebate

All commercial retail businesses located within SSA#60 are eligible for a one-time security improvement rebate that covers 100% of expenses with a rebate cap of \$1,000. The program is open until all available funding for security improvements is allocated; applicants are encouraged to apply ASAP before the security program funds are awarded to eligible recipients. Applicants must comply with the requirements outlined below and be within the SSA district. Residential buildings are eligible, but preference will be given to retail businesses.

SSA#60 Boundaries: northrivercommission.org/special-service-area

Lawrence Ave: The Chicago River to Pulaski Ave

Kedzie Ave: Ainslie Ave to Irving Park Rd

Montrose Ave: The Chicago River to Central Park Ave

Irving Park Rd: California Ave to Central Park Ave

Kimball Ave: Lawrence Ave to Leland Ave

Program Requirements:

- The application must be submitted and approved **BEFORE** installation begins. Rebates are not awarded retroactively nor without an application.
- At least one of the security cameras **MUST** oversee the sidewalk for greater public safety. Preference is more than one camera facing the public way and the alley.
- The business must hold an active business license with the City of Chicago.
- If the business owner is not the property owner, the property owner or landlord must give written authorization to the business tenant by signing the application. The property owner must not be delinquent on property taxes or have a lien on their property.
- Cameras must have a resolution of 1080p HD quality or higher.
- Equipment must remain on or in the building for at least 3 years. If equipment is removed within three years, the applicant cannot apply for rebate programs in the future.

Rebate Process & Documentation:

- Schedule the installation with your vendor and notify NRC of the installation date(s) after you receive notification that your application is approved.
- Pay the vendor the remaining balance once your camera package is installed and your feed is live.
- Schedule an inspection with NRC within 5 business days of the installation for staff to review the camera installations and the live feed. The inspection ensures at least 1 camera faces the public way and the work was completed per your application.
- Prepare documentation to provide staff on the day of your inspection:
 - initial quote (b) final invoice with a \$0 balance (c) proof of cleared payments (d) screenshot of the camera feed facing the public way.
- After inspection of the installation and all required documents are satisfactory, NRC will issue a rebate within 10 business days. Reminder: 100% of total project funds are rebated with a cap of \$1,000.
